

Taylor Avenue, N.

1115 Taylor N. The Waddell Manufacturing Co. made wood furniture decorations from 1879 until it closed in 1990. In its heyday the family-owned firm employed as many as 80 workers. A portion of this building is said to have served as a hotel until Waddell acquired it in 1890. In 2006, developer Brad Rosely revealed plans to convert the 3-story brick building into a \$1 million mixed-use project.
